Hey there! Thanks so much for downloading this printable!

I'm Pam -- wife, mama of 6 kiddos, former 1st grade teacher, Usborne Books & More team leader, and the face behind “Keeping Life Creative.” I’m crazy-busy and usually overwhelmed, but try to keep every-day life and learning creative through good books and fun projects.

We love pairing activities and projects with good books! May I suggest a few titles to go with your Nature Walk?

On the Mountain
1,000 Things in Nature
Look Inside Nature
Wonders of Our World
Nature Journal
Outdoor Book

I’d love to be your “book lady!” Purchasing books through my shopping link helps support my family and the creation of printables like these. Thank you so much!! 💖 Pam
